

# Magnetically stimulated soft materials

Haim H. Bau, Univ. of Pennsylvania  
Andrejs Cebers, University of Latvia  
Mas Crawford, USC  
Randall M. Erb, Northeastern University  
Ian Griffiths, Oxford University  
Jordi Faraudo, ICMAB-CSIC, Barcelona  
Gary Friedman, Drexel University  
Evgeny Katz, Clarkson University  
Konstantin Kornev, Clemson University  
Igor Luzinov, Clemson University  
Hui Mao, Emory University  
Leidong Mao, UGA  
Thompson Mefford, Clemson U.  
Sergiy Minko, UGA  
Tho Nguyen, UGA  
Huong Phan, University of South Florida  
Kuldip Raj, Ferrotec  
Carlos Rinaldi, University of Florida  
Dave Salac, SUNY Buffalo  
Howard A. Stone, Princeton University  
André R. Studart, ETH Zurich  
Shouheng Sun, Brown University  
Ashutosh Tiwari, University of Utah  
Vladimir Tsukruk, Georgia Tech  
Orlin D. Velev, North Carolina State U.  
Markus Wohlgenannt, Univ. of Iowa  
Jin Xie, UGA  
Xiangchun Xuan, Clemson University  
Benjamin Yellen, Duke University  
Markus Zahn, MIT  
John X.J. Zhang, Dartmouth College  
Yiping Zhao, UGA  
Qun Zhao, UGA

Athens  
May 11-12, 2015  
Georgia, USA

**magnetic field directed self-assembly,  
microfluidic systems, filaments and fibers,  
actuators, sensors, drug delivery systems,  
biomedical materials and devices,  
spintronics, rheological behavior, and  
diagnostics**

## International Conference

**The University of Georgia**
